When you are comparing schools make sure you include all costs. Mansfield Beauty Schools does not charge an interest and/or finance fee to any in-school tuition payments.

Mansfield Beauty Schools will provide all applicants with an estimated financial aid package/award letter. We recommend you compare your financial aid award letters. Understand what portion are grants and what portion our loans. Remember loans plus interest on the loans you MUST repay.

We understand this is a very important and expensive decision. We are happy to help you in this process.
